PRODUCT CATALOGUE – 2025

Base Coat

Product Code: LYN1 | **Net Wt:** 15 ml
MRP: 500/-

USP: Prevents nail yellowing,
Protects the nails from fading,
Easy to apply, Cures with
UV/LED.

A LYN Base Coat is the foundation for a manicure that lasts for days. For gorgeous nails, LYN Gel Polish Base Coat is essential. It is applied before gel polish is applied. Applying a base coat is the first and most crucial step before painting the nails with gel polish. It gives the nail colour a surface to cling to. In order to prevent the nails from turning yellow from multi coloured polish, it keeps a layer of protection on them. Additionally, it shields the nails from fading caused by dark and vivid gel polish colours. It helps to balance and smooth out the nail surface. It is easy to apply and cures with a UV/LED bulb. The composition contains no harmful ingredients that might have an adverse effect on the skin or nails. The Base Coat comes in 15 ml bottle. It is appropriate for both consumers and salon professionals.

Top Coat

Product Code: LYN2 | **Net Wt:** 15 ml
MRP: 500/-

USP: Protects gel polish from
chipping & fading, strengthens
the nails, provides high gloss,
hides minor faults, fixes nail art
accessories.

The LYN Gel Polish Top Coat seals in the polish and stops it from chipping or fading. Get ready-to-use nails as soon as you apply this Top Coat. While doing nails the final and most crucial step is the top coat, which comes after applying gel polish to the nails to give your nails a lovely finish. The colour is shielded from scratches, chipping, and peeling as the Top Coat strengthens the nails as they dry. It gives gel paint that has been polished a high gloss and lustre. For a very long time, it keeps the gel polish appearing brand-new. It hides improperly painted nails that include lines, dents, or finger prints as minor faults. Additionally, it helps with the sticking or fixing of nail art accessories. It is easy to apply and cures with a UV/LED lamp. The composition contains no harmful ingredients that might have an adverse effect on the skin or nails. The Gel Polish Top Coat comes in 15 ml bottle. It is appropriate for both consumers and salon professionals.

Matte Top Coat

Product Code: LYNMC | **Net Wt:** 15 ml
MRP: 550/-

USP: Chip Resistant, Excellent Matte Finish, Durable, Flexible Application, Fast-Drying, Non-Yellowing

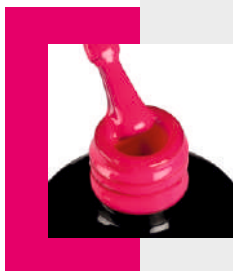

LYN Matte Top Coat is the secret to a flawless, long-lasting matte finish! This chip-resistant formula provides an excellent matte look that's durable and withstands daily wear and tear. It is easy to apply, flexible, and fast-drying, LYN Matte Top Coat is perfect for achieving a salon-quality finish at home. Suitable for all nail types, this top coat is non-yellowing and ensures a vibrant, flat matte look. It comes in 15 ml quantity. Simply apply over your favorite nail polish, finish with a smooth stroke, and show off your chic, matte nails!

Gel Polish

Product Code: LYN3
Net Wt: 15 ml
MRP: 500/-

USP: Lasting up to 21 days,
Mirror shine, No chipping,
Supports UV Led Lamp.

LYN Gel Polish Collection is simple to use on daily basis, however for the greatest results, a UV/LED lamp is required. LYN Gel Polish delivers outstanding outcomes when used with Base Coat and Top Coat. It lasts up to 21 days and gives the nails a glossy, mirror-like appearance. It is manufactured with premium pigments that display the true richness and beauty of their colours. It has high viscosity and is very simple to remove. It doesn't crack, fade, or become dull. The composition contains no harmful ingredients that might have an adverse effect on the skin or nails. It has been thoroughly tested in a salon and is cruelty free. LYN Gel Polish comes in a 15 ml bottle. It can accommodate at least 40 clients. It is suitable for both salon professionals and customers.

This exceptional gel formula is designed to deliver effortless application and removal, making it a convenient choice for both professionals and at-home nail enthusiasts. With its long-lasting wear of up to four weeks, you can enjoy flawless, chip-resistant nails that are perfect for any occasion, whether it's a special event or daily glam.

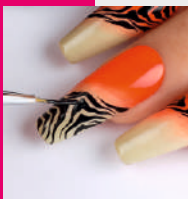

Painting Gel

Available in

White - LYN64 | Black - LYN65

Net Wt: 5 gms | MRP: 500/-

USP: Chip-resistant formula, Medium viscosity, UV/LED lamp compatible, Safe, non-toxic ingredients, Available in white and black, Smooth and easy application, Suitable for professionals and consumers, Ideal for freehand nail art.

LYN Painting Gel is a versatile, high-quality gel that can be used on gel nails, fake nails, natural nails, and extensions. It offers a creative way to paint, decorate, and enhance nails with freehand designs. The gel is smooth, easy to apply, and chip-resistant, ensuring long-lasting results. With medium viscosity, it supports both UV and LED lamps, making it perfect for professional or at-home use. Available in two essential colors—white and black—this gel contains no harmful chemicals, providing a safe and effective solution for beautiful nails. Recommended for salon professionals and consumers alike, it comes in a convenient 5gm quantity.

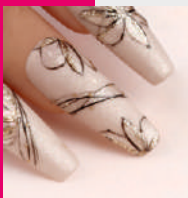

Spider Gel

Available in

White - LYN66 | Black - LYN67

Net Wt: 5 gms | MRP: 500/-

USP: Gum-like consistency for fine lines, Thin viscosity for easy application, Supports UV/LED lamps, Chip-resistant, Non-toxic and odourless, No harmful chemicals, Suitable for professionals and nail lovers.

LYN Spider Gel is the go-to choice for creating intricate, fine-line designs like a “spider web.” Its gum-like consistency makes it perfect for detailed nail art, allowing you to craft stunning DIY nail designs that are both fashionable and trendy. With its thin viscosity and flexible application, Spider Gel offers the precision needed to get every detail right. This high-quality gel is chip-resistant, non-toxic, and odourless, making it safe for use on your nails and skin. It comes in Black and White colour. It supports UV and LED lamps, ensuring quick curing. Packaged in a 5-gram container, it's ideal for both salon professionals and nail enthusiasts.

5D Gel

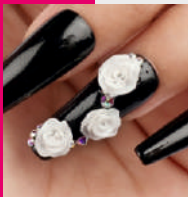

Available in

White - LYN68 | Black - LYN69

Net Wt: 5 gms

MRP: 500/-

USP: Creates 5D nail effects,
Thick, slow-drying consistency,
UV/LED lamp required for curing,
Waterproof, smudge-free, and chip-resistant,
Lasts up to 21 days, Safe, non-toxic formula,
Suitable for professionals and nail lovers.

Glam 5D Gel is designed to create stunning 5D effects on nails, offering a unique thick consistency that allows for precise, detailed nail art. Its slow-drying formula gives you ample time to perfect your designs without rushing, and it does not harm the nail bed surface. This gel requires a UV/LED lamp for curing and provides long-lasting wear for up to 21 days. Waterproof, smudge-free, and chip-resistant, it ensures your nails stay flawless. It is available in two versatile colors—black and white. Glam 5D Gel is free from harmful chemicals, making it safe for both nails and skin. Packaged in a 5-gram container, it's ideal for both salon professionals and nail enthusiasts.

2 in 1 Gel

Product Code: LYN72 | Net Wt: 15 gms

MRP: 600/-

USP: 2-in-1 carving gel and nail glue,
Non-sticky, mess-free application,
Lightweight for comfortable wear,
Easy sculpting and adhesion,
Versatile for various nail art,
Ideal for professionals & nail lovers,
Solid texture for reliable use.

LYN 2-in-1 Adhesive and Moulding Gel is a versatile solution that combines the functions of a carving gel and a nail glue. Its solid texture allows for a non-sticky application, making sculpting and adhering nails quick and mess-free. Lightweight and easy to use, this gel provides a secure bond while ensuring comfort on the nails. Whether you're creating intricate designs or applying extensions, this all-in-one gel delivers exceptional performance for both professionals and DIY enthusiasts.

Poly Gel

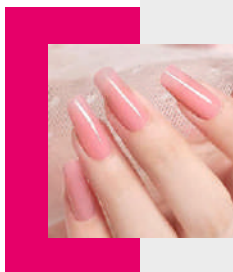

Product Code: LYN73

Available in

Clear, Pink, Cover Pink & White

Net Wt: 30 ml | MRP: 800/-

USP: Lightweight yet strong formula,
Combines acrylic strength and gel
shine, No crusty layer post-curing,
No heat spikes during curing,
Requires UV/LED light for curing.

LYN Poly Gels are a revolutionary nail enhancement system that blends the strength of acrylic with the shine of gel. Unlike traditional acrylic or hard gel, this soft gel offers a lightweight, flexible feel while maintaining durability and ease of use. Designed for both natural nail overlays and extensions, Poly Gel provides a smooth, seamless finish that can be molded using silicone tips without the need for traditional forms. After curing with a UV/LED light, there's no sticky residue or heat spikes, ensuring a comfortable and flawless application. Available in four stunning shades—Clear, White, Pink, and Cover Pink—this practical and trendy solution lasts up to 4 weeks, making it a time-saving favorite for professionals.

Aqua Ink Set

Product Code: LYN99

Net Qty: 12 Aqua Ink x 1 Magic Lotion

MRP: 5000/-

USP: Long-lasting colors,
Excellent coverage,
Easy to use, Toxic-free formula,
Extends artwork life with LYN Top Coat.

LYN Aqua ink Kit includes different colors of polish, as well as a Magic Lotion. The trendy nail colors have a long-lasting formula and provide excellent coverage. It applies smoothly and can easily be applied over existing nail paint. The magic lotion aids in the precise mixing and blending of the polish. To make it last even longer, use a LYN Top Coat. The polish and lotion include no toxic substances that could cause a response on the nails or skin. It is suitable for salon professionals and consumers.

Primer

Product Code: LYN4 | **Net Wt:** 15 ml
MRP: 450/-

USP: Promotes proper product adhesion, Extends lifespan of manicure, dries quickly, Does not need UV/LED for curing.

Prior to applying gel polish, gel extensions, acrylic extensions, overlays, and poly gel, LYN Primer is used. It is beneficial for acrylic extensions, gel nails, and gel extensions. Additionally, the primer contributes to the creation of a rough surface that promotes proper product adherence and maintains its grip, thereby extending the life span of your manicure. The primer also has the exceptional quality of drying quickly and not requiring UV or LED lamps for curing. Additionally, gel doesn't include any harmful substances that could have an adverse effect on the skin or nails. The size of the primer is 15 ml. Both nail enthusiasts and salon professionals recommend it highly.

Dehydrator

Product Code: LYN5 | **Net Wt:** 15 ml
MRP: 450/-

USP: Eliminates extra moisture, Protects from antifungal bacteria or diseases, No harmful substances present.

LYN Dehydrator is used to eliminate extra moisture from unpolished nails, fully dehydrating them and preparing the nail surface. The dehydrator is used before the primer. It is used to create gel nails, temporary extensions, gel extensions, acrylic extensions, and overlays. Dehydrator is a liquid-based treatment that also has antifungal characteristics to keep bacteria and diseases from growing on your nails. One dip is all that is needed in this dehydrator to coat one hand's nails. Additionally, gel doesn't include any harmful substances that could have an adverse effect on the skin or nails. Additionally, the dehydrator has a 15 ml capacity. It comes highly recommended for salon professionals.

Clear Gel

Product Code: LYN6 | Net Wt: 15 gms
MRP: 600/-

Product Code: LYN30 | Net Wt: 50 gms
MRP: 2000/-

USP: Ideal gel for sculpting, Crystal clear finish, medium viscosity, Spreads evenly, No harmful substances.

The best product for gel overlays and gel extensions is LYN Clear Gel. Additionally, it can be used to shape nails and give them a clear finish. Furthermore, due to its medium viscosity and self-leveling qualities, this gel is exceptional in that it spreads evenly across the nails. Applying and removing the gel from the nails is simple. There are no hazardous substances in it. It is available in 15gm & 50gm package. It is suitable for salon professionals and nail lovers.

Pink Gel

Product Code: LYN7 | Net Wt: 15 gms
MRP: 600/-

Product Code: LYN31 | Net Wt: 50 gms
MRP: 2000/-

USP: Ideal gel for sculpting, Give light pink tint to nails, Medium viscosity, Spreads evenly, No harmful substances.

LYN Pink Gel is a necessity for direct French and Plain extensions. Apparently, the nails have a light rose tint because to this gel. Excellent quality and minimal dropping or leaking are both features of the medium viscosity gel. Further more, the gel spreads evenly across the nail because to its self-leveling properties. It lasts for up to four weeks. The gel doesn't include any harmful substances in it. The pink gel is available in 15gm & 50gm package. It is suitable for salon professionals and nail lovers.

White Gel

Product Code: LYN8 | Net Wt: 15 gms
MRP: 600/-

Product Code: LYN32 | Net Wt: 50 gms
MRP: 2000/-

USP: Ideal gel for French sculpting, Creates perfect smile line, Thick viscosity, Spreads evenly, No harmful substances.

French extensions are made effectively with LYN White Gel. Therefore, French sculpting can also be done with it. It is used after the use of cover pink gel. The nails have a whitish appearance due to this White Gel. The intensely colored gel aids in forming the ideal smile line. It has thick viscosity. There are no dangerous chemicals in gel that could cause an adverse reaction on the skin or nails. It is available in 15gm & 50gm package. For salon professionals and nail lovers, it comes highly recommended.

Cover Pink Gel

Product Code: LYN9 | Net Wt: 15 gms
MRP: 600/-

Product Code: LYN33 | Net Wt: 50 gms
MRP: 2000/-

USP: Enhances the natural nail colour, Hides imperfections, Medium Viscosity, Works well with all skin tones, No Harmful substance.

The natural nail colour is enhanced by LYN Cover Pink Gel. It provides a light pink tint to the nails. French nails are created with it. Additionally, this gel is excellent for hiding imperfections in natural nails. It provides everyone with a wonderful and elegant nail look because it is long-lasting and works well with different skin tones. It has a medium viscosity, is simple to use, and conceals nail ridges, gaps, and faults. It lasts up to four weeks. The gel has no harmful substances that can have an adverse effect on the skin or nails. It comes in 15gm & 50gm package. For salon professionals and nail lovers, it comes highly recommended.

Gel Cleanser

Product Code: LYN11 | Net Wt: 120 ml
MRP: 450/-

Product Code: LYN34 | Net Wt: 500 ml
MRP: 1500/-

USP: Removes tacky and sticky layer of gel, Dries quickly, Does not require UV/LED Lamp for curing, Cleans sticky layer from nail brushes.

The last step after applying gel extensions is the LYN Gel Cleanser. It aids in removing the gel's tacky and stickier coating. A gel cleanser has the added advantage of helping to remove the stickiness on the brushes. Additionally drying rapidly and not requiring a UV or LED lamp is the added feature of LYN Gel Cleanser. There are no dangerous substances in gel that could cause an adverse reaction on the skin or nails. It comes in 120ml and 500ml quantity. It is suitable for salon professionals and nail lovers.

Magic Lotion

Product Code: LYN17 | Net Wt: 15 ml
MRP: 450/-

USP: Used to remove Gel & Gel Polish, Simplifies the cleaning process, Hassle free, No harmful substances.

LYN Magic Lotion is easy to use and it shields your real nails from harm. This Magic Lotion is also used to maintain the cleanliness and health of the nails. It is used to remove Gel extensions, Gel Overlays and Gel Polish. It has a liquid base and is a formula. After using the removing lotion, the nails are absorbed in it, completely melting the product. It simply takes 15 to 20 minutes for the magic lotion to remove the product that has been applied to the nail. This simplifies the entire cleaning process. Additionally, gel doesn't include any harmful substances that could have an adverse effect on the skin or nails. A 15 ml bottle of the Magic lotion is available. It is certainly advised for salon professionals.

Removing Lotion Acrylic Extension

Product Code: LYN12 | Net Wt: 120 ml
MRP: 450/-

Product Code: LYN36 | Net Wt: 500 ml
MRP: 1500/-

USP: Used to remove Acrylic extensions, Simplifies the cleaning process, Hassle free, No harmful substances.

LYN Removing Lotion is easy to use and it shields your real nails from harm. The Removing lotion is also used to maintain the cleanliness and health of the nails. It is used to remove Acrylic Extensions. It has a liquid base and is a formula. After using the removing lotion, the nails are absorbed in it, completely melting the product. It simply takes 15 to 20 minutes for the removing lotion to remove the product that has been applied to the nail. This simplifies the entire cleaning process. It doesn't include any harmful substances that could have an adverse effect on the skin or nails. It comes in 120ml and 500ml quantity. It is recommended for salon professionals and nail lovers.

Acrylic Liquid

Product Code: LYN10 | Net Wt: 120 ml
MRP: 600/-

Product Code: LYN35 | Net Wt: 500 ml
MRP: 2000/-

USP: Anti yellowing monomer, Low odour liquid, Medium drying solvent, Strengthens nail extensions, Long lasting, Smooth application, No harmful substances.

LYN Acrylic Liquid is used to make spectacular 3D nail patterns with colour powders and acrylic extensions. This acrylic liquid is an anti-yellowing monomer with a low odour liquid base for true colour visibility. It is a medium drying solvent that enables one to properly shape the nails with more ease while taking their own time. With the greatest product adhesion to nails, it strengthens nail extensions. It facilitates the application of products smoothly, reducing the need for product buffing. When combined with acrylic powder, acrylic liquid twirls smoothly, lasts a long time, and slides across nails with ease. There are no hazardous substances present that could cause a response on the skin or nail. It comes in 120ml & 500ml quantity. For salon professionals, it comes highly recommended.

Clear Powder

Product Code: LYN13 | Net Wt: 28 gms
MRP: 550/-

Product Code: LYN37 | Net Wt: 250 gms
MRP: 4500/-

USP: Bubble free, Non yellowing,
Self leveling Properties, Does not require
UV/LED lamp, No harmful substances.

Acrylic Extension nails are made using LYN Clear Powder. It is a powder that is exceptional in that it is bubble-free, guaranteed not to yellow, and high-quality. It makes the nails appear incredibly clear. Additionally, this powder is special in that it has self-leveling properties that make it possible to shape nails quickly and effectively. The powder's tiny particles also mix with acrylic liquid quickly and readily. The entire process is quick and easy to finish. The gel has no harmful substances that can have an adverse effect on the skin or nails. It comes in 28gm and 250gm package. For salon professionals and nail enthusiasts, it is recommended.

Pink Powder

Product Code: LYN14 | Net Wt: 28 gms

This 5 in 1 set includes unique magnet wands that interact with magnetic gel polishes to produce captivating effects. With ergonomic designs for comfortable grip and high-quality materials for durability, these wands allow salon professionals and nail enthusiasts to achieve stunning cat eye looks by simply applying magnetic gel polish and placing the wand close to the wet polish, revealing a magical transformation.

Extension Removing Clip

Product Code: LYN62 | Net Qty: 10 pcs
MRP: 200/-

USP: Safe and quick removal,
No damage to nails, Skin-friendly,
Easy to use, Time-saving.

LYN Extension Removing Clips offer a safe and efficient solution for removing gel and acrylic extensions, gel and nail polish, and artificial nail tips. Simply soak pads in nail polish remover or removing lotion, cover them with silver foiling, and wrap them around the nails, securing with the clips. After just 5 minutes, the extensions or polish will be removed without damaging the nails. These are designed for both professional and personal use.

Lint Free Wipes

Product Code: LYN63 | Net Qty: 230 pcs
MRP: 200/-

USP: Non-woven fabric material,
No fiber residue, Durable with
acetone and remover, Cleans
brushes and tools, Ideal for nail prep
Suitable for all users

LYN Lint Free Wipes are essential for achieving a flawless manicure by providing a clean, fiber-free solution for removing polish or wiping off tacky layers from nails. Made from a special non-woven fabric, these wipes ensure that no fibers are left behind during the cleaning process, unlike traditional cotton pads. Their durable construction makes them perfect for use with acetone and polish removers, and they can also be used to clean brushes and tools or prep nails before polish application. Suitable for everyone, LYN Lint Free Wipes offer a practical and reliable tool for all nail care routines.
